SHIVANG MISHRA

AWS Certified AI Practitioner | Data Analyst | AI & Cloud

Gurugram, Haryana | +91-9936676449 | shivangmishra993667@gmail.com
linkedin.com/in/m-shivang | github.com/Shivangmishra9936

PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in business analysis, cloud operations, and AI-driven solutions within an AWS Advanced Tier Partner environment. AWS Certified AI Practitioner skilled in Python, SQL, Power BI, Machine Learning, Generative AI, and AWS. Experienced in data analysis, forecasting, KPI reporting, predictive modeling, and translating data into actionable business insights.

TECHNICAL SKILLS

Programming: Python, SQL, C, C++, JavaScript
Libraries: Pandas, NumPy, Matplotlib, Scikit-learn, TensorFlow, Flask
Data Analytics: Data Analysis, EDA, Data Cleaning, Data Validation, Feature Engineering, Statistical Analysis, Forecasting, Predictive Analytics, Data Visualization, KPI Tracking, Dashboard Development, Reporting
Machine Learning & AI: Logistic Regression, Random Forest, XGBoost, CNN, Deep Learning, Machine Learning, Generative AI, Prompt Engineering, LLMs
Business Intelligence: Power BI, Excel, Business Analysis, Trend Analysis, Data Storytelling, Decision Support, Process Optimization
Cloud: AWS, EC2, S3, IAM, CloudWatch, Amazon EKS, Cloud Operations, Cloud Analytics, REST APIs, JSON
Tools: Git, GitHub, MySQL, Version Control, Agile, Scrum, SDLC

PROFESSIONAL EXPERIENCE

Data Analyst | Mistavinya Technology **Oct 2025 – Present**
AWS Advanced Tier Partner | Amazon EKS Partner

- Analyze campaign and cloud operations data to identify trends, growth opportunities, and operational risks.
- Build KPI reports, dashboards, and performance analysis using Power BI to support data-driven decisions.
- Perform forecasting, trend analysis, and predictive analytics to support business planning and decision-making.
- Perform data cleaning, validation, and reporting automation to improve accuracy and reduce manual effort.
- Collaborate with cloud teams on AWS operations involving EC2, S3, IAM, CloudWatch, and Amazon EKS.

AI Transformation Intern | EduNet Foundation **Feb 2025 – Apr 2025**

- Developed AI-based healthcare solutions using machine learning for disease prediction.
- Built Flask-based applications integrating trained machine learning models into web endpoints.
- Applied data preprocessing, feature engineering, and model evaluation to improve solution reliability.

PROJECTS

FraudShield AI – AI-Powered Credit Card Fraud Detection System

- Developed a machine learning system to detect fraudulent credit card transactions.
- Performed EDA, data cleaning, and feature engineering on imbalanced transaction data.
- Built Logistic Regression, Random Forest, and XGBoost models for fraud classification.
- Evaluated models using Precision, Recall, F1-Score, and ROC-AUC.

MRI Brain Tumor Detection – Deep Learning

- Developed a TensorFlow CNN model for brain tumor classification from MRI scans.
- Performed image preprocessing, data augmentation, model training, and evaluation.

EDUCATION

Bachelor of Technology in Computer Science and Engineering **2021 – 2025**
Dr. A.P.J. Abdul Kalam Technical University, Lucknow

CERTIFICATIONS

- AWS Certified AI Practitioner – Amazon Web Services (AWS)
- Deloitte Data Analytics Virtual Experience – Forage
- Simplilearn Data Analytics
- Python – IIT Kanpur, AICTE, EduNet Foundation
- Java – IIT Kanpur, AICTE, EduNet Foundation
- AWS Skill Builder – Cloud and AI Learning

ADDITIONAL

LeetCode and HackerRank problem solving | Continuous learning in Artificial Intelligence, Generative AI, Cloud Computing, Machine Learning, and Data Analytics
